## Open Mesh Flooring Grating Clips Galvanised M8 (30 – 41mm)

---

The Universal Fixing Clip is the most common style of clip used for fixing down open steel flooring in the UK. The hot dipped galvanised component provides a quick and cost effective method of fixing. The top bracket suits 30 - 41mm centres grating bars.

Screw Ø mm	Grating Width mm		Grating Depth Maximum mm
	Min	Max	
8	30	41	50
