

# Black Annealed Tying Wire

## Product Description

Black Annealed Mild Steel Tying wire measures 16 gauge coil (1.6mm) Ideal for tying or lacing. It is soft and pliable so easy to twist, bend or tie. Common applications for formwork, mesh and re-bar, cable ties fencing, cables, hanging and fixings. Popular for most general tying applications in construction. Can be used in a wide range of DIY and gardening applications. Can be bent with pliers, tying tool and easily cut with snips or wire cutters.

## Chemical Composition

% C	% Mn	% Si	% P	% S	Standard
≤ 0,13	≤ 0,60	≤ 0,60	≤ 0,040	≤ 0,050	ASTM A510

## Mechanical Characteristics

Diameter (mm)	RM (Mpa)	A50mm (%)	Diameter Tolerance
1.6	300 to 450	30 to 40	+/- 0.06

## Finishing and Packaging

Finishing	Application	Anti-oxidant Protection	Packaging
Black Annealed	For manual tying of pieces or steel reinforcement in construction.	Dry	Coils belted with wire & bundled then belted with steel tape with suspension rings and palletised

\*Please note black annealed wire can often show rusting\*
